

# **Big Data and the Abuse of a Dominant Position by Data- Driven Online Platforms under EU Competition Law**

Przejdź do produktu na [ksiegarnia.beck.pl](https://ksiegarnia.beck.pl)

# Table of Contents

<b>List of Abbreviations</b> .....	XI
<b>Introduction</b> .....	XIII
<b>Chapter 1. Big data as a fundament of data-driven online platforms’ business models</b> .....	1
1. Introduction .....	1
2. Concept and characteristics of big data .....	2
2.1. Definition of big data – the “4Vs of big data” .....	2
2.1.1. Volume .....	5
2.1.2. Velocity .....	7
2.1.3. Variety .....	8
2.1.4. Value .....	10
2.2. General economic characteristics of data .....	11
2.3. Distinction between personal and non-personal data and its implications for the competition law .....	17
2.3.1. Definition of personal data and rules of its processing....	19
2.3.2. Definition of non-personal data and rules applicable to its processing.....	24
2.3.3. Implications of the distinction for the competition law ..	26
3. Big data as a source of competitive advantage for online platforms.	27
3.1. Big data value creation cycle – from raw data to value .....	28
3.1.1. Data generation and data collection .....	28
3.1.2. Data storage and aggregation .....	31
3.1.3. Data processing and analysis .....	32
3.1.4. Data-driven decision-making (data usage) and data monetisation .....	33
3.2. Big data as a source of efficiencies for online platforms.....	35
3.3. Data as an input of production or as a commodity .....	40
3.4. Big data as a barrier to entry and expansion .....	42
3.5. Determining the extent to which big data can be a competitive advantage.....	49
4. Concluding remarks .....	52

<b>Chapter 2. Characteristics of data-driven online platforms and its implications for competition law analysis</b> .....	55
1. Introduction .....	55
2. Definition and business models of data-driven online platforms ....	55
2.1. Definition of online platforms.....	56
2.2. Types of online platforms .....	59
2.3. Examples of data-driven online platforms and role of big data in their businesses.....	61
2.3.1. Search engines.....	62
2.3.2. Social networks.....	66
2.3.3. E-commerce platforms .....	69
2.4. Revenue models of online platforms .....	72
3. Online platforms as multi-sided businesses .....	74
3.1. Concept of multi-sidedness.....	75
3.2. Multi-sidedness of online platforms.....	81
3.3. Implications of multi-sidedness for competition assessment....	84
4. Other factors influencing functioning of data-driven online platforms and their implications for competition policy .....	88
4.1. Economies of scale .....	88
4.2. Economies of scope.....	90
4.3. Network effects .....	91
4.4. Critical mass and chicken-and-egg problem.....	96
4.5. Positive feedback loop .....	98
4.5. Skewed pricing and phenomenon of “free” online services.....	100
4.6. Switching costs and consumer lock-in .....	103
4.7. Multi-homing and single-homing .....	108
4.8. Product differentiation.....	111
4.9. Innovation as a parameter of competition among online platforms.....	113
4.10. Market tipping and competition for the market (“winner-takes-all”).....	115
5. Digital economy’s characteristics as a barrier to entry or expansion .....	118
6. Concluding remarks .....	122
<b>Chapter 3: The EU framework for the assessment of market power and its applicability to data-driven online platforms</b> .....	125
1. Introduction .....	125
2. The challenge of defining the relevant market for data-driven online platforms .....	126

## *Table of Contents*

---

2.1. Current framework for defining the relevant market in the EU .....	127
2.2. Challenges resulting from multi-sided nature of online platforms .....	131
2.3. Relevant product market for data-driven online platforms.....	138
2.3.1. Relevant product market for the user side.....	138
2.3.2. Relevant product market for the advertiser side .....	147
2.3.3. Relevant product market for data .....	151
2.3.4. Relevant geographic market for data-driven online platforms.....	156
2.4. Applicability of the SSNIP test and alternative economic tools for market definition to online platforms .....	159
2.4.1. Limited applicability of the SSNIP test to online platforms .....	159
2.4.2. Small but Significant Non-transitory Decrease in Quality (SSNDQ) test and other alternatives.....	162
2.5. Definition of the relevant market for data-driven online platforms – interim conclusions .....	167
3. Current EU framework for the assessment of dominance and its applicability to data-driven online platforms.....	170
3.1. The concept of market power and dominance.....	171
3.2. Implications of multi-sidedness for the assessment of market power .....	173
3.3. Factors taken into account in the assessment of market power and their applicability to online platforms .....	176
3.3.1. The relevance of market shares .....	176
3.3.2. Barriers to entry and expansion (potential competition)	183
3.3.3. Countervailing buyer power .....	190
3.4. Relevance of big data for the assessment of market power of online platforms.....	191
3.4.1. Access to data .....	192
3.4.2. Big data technology.....	205
3.5. Towards a comprehensive framework for the assessment of market power of data-driven online platforms .....	206
3.6. Concluding remarks .....	213
<b>Chapter 4. Data-driven abuse of a dominant position .....</b>	<b>217</b>
1. Introduction .....	217
2. Concept of abuse of a dominant position under Article 102 TFEU..	218
3. Concept of data-driven abuse of a dominant position.....	221
4. Examples of data-driven exclusionary practices.....	223

4.1. General remarks on exclusionary practices.....	223
4.2. Refusal to give access to data – data as an essential facility .....	225
4.2.1. Essential facilities doctrine and refusal to supply.....	226
4.2.2. Applying essential facilities doctrine to data .....	231
4.2.3. Data as an essential facility.....	239
4.2.4. Data sharing obligations .....	246
4.3. Tying, bundling and leveraging data-advantage into the other market .....	254
4.4. Exclusivity agreements that prevent competitors from accessing data .....	261
4.5. Copying competitors’ web content (scraping) .....	264
4.6. Potential data-driven abuses by vertically integrated platforms.....	266
4.6.1. Preferential treatment of its own products (Google Shopping case) .....	267
4.6.2. Use of competitors’ data to favour its own products (Amazon case).....	271
5. Examples of data-driven exploitative practices.....	279
5.1. General remarks on exploitative practices.....	280
5.2. Excessive data collection.....	281
5.3. Personalised pricing and price discrimination enabled by big data.....	286
5.4. Violation of data protection rules .....	298
5.5. Restrictions on data portability.....	310
6. Objective justification related to big data .....	318
7. Concluding remarks .....	325
<b>Conclusions</b> .....	329
<b>Bibliography</b> .....	339

## List of Abbreviations

BWB .....	Austrian Federal Competition Authority ( <i>Bundeswettbewerbshörde</i> )
CJEU .....	Court of Justice
CMA .....	Competition and Markets Authority
CNIL .....	French National Commission on Informatics and Liberty ( <i>Commission nationale de l'informatique et des libertés</i> )
Commission .....	European Commission
Commission's Guidance ...	Communication from the Commission – Guidance on the Commission's enforcement priorities in applying art. 82 of the EC Treaty to abusive exclusionary conduct by dominant undertakings, OJ C 45, 24.02.2009, p. 7–20.
Commission Staff Working Document on Online Platforms .....	Commission Staff Working Document on Online Platforms accompanying the document Communication on Online Platforms and the Digital Single Market, COM(2016) 288.
DoJ .....	the United States Department of Justice
DPA .....	Data Protection Authority
Regulation on the free flow of non-personal data .....	Regulation (EU) 2018/1807 of the European Parliament and of the Council of 14 November 2018 on a framework for the free flow of non-personal data in the European Union, OJ L 303, 28.11.2018, p. 59–68.
EDPS .....	European Data Protection Supervisor
EU .....	European Union
EU courts .....	Court of Justice and General Court
GDPR .....	Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC, OJ L 119, 4.05.2016, p. 1–88.
Notice on Market Definition .....	Commission's Notice on the Definition of the Relevant Market for the Purposes of Community Competition Law, OJ C 372, 9.12.1997, p. 5–13.

*List of Abbreviations*

---

OECD .....	Organisation for Economic Co-operation and Development
OFT .....	Office of Fair Trading
SSNDQ .....	Small but Significant Non-transitory Decrease in Quality
SSNIP .....	Small but Significant Non-transitory Increase in Price
TFEU .....	Consolidated version of the Treaty on the Functioning of the European Union, OJ C 326, 26.10.2012, p. 47–390.
